

**BANK OF NAPA, N.A.**

## **Bank of Napa Introduces A New Online Banking Feature**

### **“EVENT MANAGER”**

**Your Bank of Napa business and consumer online banking experience has been enhanced with the introduction of “Event Manager”. You now have the ability to manage your accounts more efficiently. Using this new feature you select the “Event” you want to be notified of and “Manage” how you receive it.**

**To set up an event, simply log into your online banking account, select the Alert link and select what alert you want and the specific criteria. Alerts currently available are:**

- **A specific check number pays to your account**
- **A check equal to or greater than a specific amount pays to your account**
- **If your account should fall below a specific dollar amount**
- **If we credit your account with funds received on an incoming wire transfer**
- **Each time an electronic debit or electronic credit posts to your account**

**You can choose to receive your system generated alert by:**

- **Logging into your online banking account**
- **e-mail**
- **text message**

**Learn more about Event Manager by viewing our online banking video tutorials, located in the Tutorials Section of our Home Page. Please take a moment and learn what Bank of Napa’s Business and Consumer Online Banking products can do for you.**
